### OVERVIEW

Wharfedale takes surround sound to the next level with the unveiling of the **D300 3D SURROUND** as part of the award winning D300 series of loudspeakers.

Covering the audience in a dome of sound, following Wharfedale's long history in cinematic and home theatre solutions, you can now have a 3D cinema-audio listening experience at home with **D300 3D SURROUND**.

Designed to sit at the perfect angle, the **D300 3D SURROUND** will offer the added dimension of height and reflect sound off the ceiling for the third-dimension in home theatre experiences.

**D300 3D SURROUND** is perfect cosmetic match for the D300 Series, but it is also an ideal complement to any Home Theatre set-up, offering an elevated channel for total immersion into your AV system. Sitting perfectly on any flat surface or speaker top – such as the D330, as a perfect partner, the option of on-wall mounting is also offered for a real cinema experience!

### KEY FEATURES

- **3D Surround Sound**

The **D300 3D SURROUND** adds the 'vertical' channel to any home theatre system.

- **Aim for the sky**

Perfectly angled, the **D300 3D SURROUND** will create the over-head sound effect in your home theatre system.

- **Universally matched**

Aesthetically and acoustically matched to the Wharfedale D300 series. However, by design, the **D300 3D SURROUND** will complement any home theatre system.

- **Off the wall**

Use on flat surfaces or as a wall mount complement. Either way, be prepared to enter the 3rd dimension!
