Vicoustic's flagship Wavewood panel has been specifically developed to treat acoustic problems without destroying a room's ambience, or over-deadening the sound. It can be used in control rooms, broadcast studios, live rooms where a range of instruments and voices are recorded, rehearsal rooms and other performance spaces.

Wave Wood is made from a combination of acoustic foam and wood. Its instantly recognizable design results from unique research based on the acoustic properties of the wood and foam combined with non-linear sequential cavities that enable Wave Wood to act as both an absorber and diffuser. It is particularly effective in treating medium and high frequencies as well as solving issues such as flutter echoes. Wave Wood can also be highly effective in controlling low frequencies when fitted in the corners of a room and used as a bass trap.

The panel's elegant design enhances the visual appearance of any room, with five different wood finishes available to match a range of studio interiors.

Now available in 1200 x 600 x 64 mm panels, the Wave Wood 1200 has the same perforated surface and performance but is especially indicated for spacious areas.

About Vicoustic's Absorption and Reflection Control System (ARCS):

ARCS is Vicoustic's unique research model that has formed the basis for developing hybrid products such as Wave Wood. [Click here](#) to find out more about ARCS.

Applications:

Recording and Broadcast Studios, Post Production Studios, Performance Spaces, Rehearsal Rooms.

Main Info

Ref: B00115

EAN13: 5600301843594

Technical File

HS-Code: 39211310
Dimensions: 1195.0 x 595.0 x 60.0 mm
Scratch Resistance: No
Washable: No

Performance | Functionality: Absorption
Absorption Frequency: Medium
alpha with Shape Indicators: 0.65
NRC: 0.700
Fire Class European (EN): Euroclass E

Shipping | Units Per Box: 4 boxes
Box Dimensions: 1230.0 x 630.0 x 290.0 mm
Box Weight: 12.2 kg

Raw Materials | Material: Wood, Foam
Wood Type: Mdf Painted
Foam Type: M1

Design | Wood Color: White
Edges: Angled

Installation | Place: Wall, Ceiling
Fixing Type: Glued
