

# XS 1

## Dynamic cardioid vocal microphone

### FEATURES

- Upfront vocal presence in the mix
- Silent mute switch for flexibility and control
- Rugged all-metal housing
- Great feedback rejection
- 2-year warranty

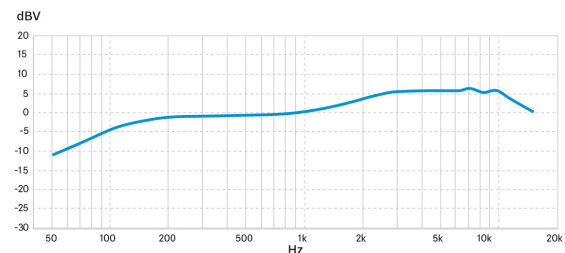

**Raise your voice.** XS 1 is your backstage pass to great sounding vocals and speech. Sennheiser's new wired dynamic cardioid microphone is the perfect fusion of excellent live sound and easy handling. XS 1 has been designed for first-time and casual users who appreciate simplicity, upfront vocal presence in the mix, and no complications. This versatile new microphone provides professional live sound for those getting started, thanks to its great feedback rejection and silent mute switch for flexibility and control. XS 1 comes in an all-metal housing and therefore is a reliable companion on any stage. As a singer, presenter, or entertainer, you can count on the renowned Sennheiser live sound. All you need to do is: Raise your voice.
