

Cinema is coming home

SONY

Experience greatness.

Sony home projectors and BRAVIA displays call upon decades of innovation to deliver an unsurpassed combination of size, style and performance for your home entertainment space.

Sleek, modern design complements your décor while Sony's cutting-edge cinematic technology adds a thrill to every TV show, feature film or live event.

Only Sony's unique range of home projectors and displays promise to deliver performance with a sizable improvement in vision, sound and immersion – in a market where bigger isn't always better.

**Everything you ever loved about entertainment.
Now at an unbelievable scale.**

Immerse yourself.

Unbelievably engaging.

We've raised the rules of engagement as Sony Home Projectors bring new levels of authenticity to images. Enjoy the breath-taking clarity and richness of native Ultra HD (3840 x 2160) from unobtrusively quiet and compact laser light systems.

Our Home Projectors not only perform brilliantly, they are kinder on the planet, with a mercury-free laser light source and reduced energy consumption per lumen.

Treat your senses to the ultimate visual adventure in your own home.

VPL-GTZ380

Realize overwhelming native 4K image expression like you've never seen before.

Sony's X1 Ultimate for projector is paired with a super high contrast 10,000lm Z-Phosphor laser light source and DCI-P3 wide color space to make your ultimate vision a reality. Object-based super resolution enhances color and contrast for greater depth, cleaner textures, and more realistic pictures.

BRAVIA Projector 9

VPL-XW8100ES

The ultimate cinema experience comes home.

3,400lm | Native 4K | Laser | ACF Lens | HDMI 2.1

See every movie in a new light with the ultimate home cinema experience powered by our XR Processor for projector. Enjoy precision and clarity with rich gradation, deep blacks, and brilliant colours, enhanced by our class-leading laser light source.

-  XR Clear Image
-  XR Deep Black
-  XR Dynamic Tone Mapping
-  XR Triluminos Pro

BRAVIA Projector 8

VPL-XW6100ES

Bring the authentic big screen home.

2,700lm | Native 4K | Laser | ACF Lens | HDMI 2.1

Bring every movie to life at home on the big screen powered by our XR Processor for projector and our class-leading laser light source. Enjoy precision and clarity with rich gradation, deep blacks, and brilliant colors.

-  XR Clear Image
-  XR Deep Black
-  XR Dynamic Tone Mapping
-  XR Triluminos Pro

VPL-XW5000ES

Bring home entertainment with a native 4K, high-value laser projector.

Savour the action with up to 2,000 lumens of high brightness, generated by a long-lasting laser light source, for vibrant images even on a large screen.

Extraordinarily lifelike.

Our award-winning BRAVIA displays deliver images with depth and texture, extraordinary contrast, beautifully vivid colours and powerfully realistic sounds. It's all thanks to our revolutionary Cognitive Processor XR™, which reproduces content the way humans see and hear.

With BRAVIA, you will be able to enjoy the most immersive experiences with stunning designs, right alongside innovations to lower environmental impact by helping reduce energy consumption and use of non-renewable resources.

Welcome to truly immersive entertainment.

4K QLED XR Mini LED BRAVIA 9 Series

Unparalleled brightness, incomparably beautiful colours

Step into a new realm of realism with our brightest 4K ever. Unlike other TVs, our expanded colour volume keeps images vivid and saturated even at high brightness levels, so you see pictures just as the creators intended. Our theatre-like sound powered by Acoustic Multi Audio+ will further enhance your cinematic experience at home and you can enjoy an almost endless library of apps & content via the intuitive Google TV platform.

OLED A95L

Our flagship OLED display, powered by Cognitive Processor XR™, promises our widest colour range and most definitive contrast. Everything becomes a deeply immersive experience in 4K QD-OLED. Enjoy cinematic sound directly from the screen, which precisely matches the picture, thanks to Acoustic Surface Audio+™.

55"	FWD-55A95L
65"	FWD-65A95L

4K OLED BRAVIA 8 Series

Pure black OLED, bright and beautiful, truly brilliant pictures

We've taken the infinite blacks and stunning detail of OLED for astonishing texture and realism and combined it with an aesthetic slimness and sleek design that blends in beautifully with any environment. Accompanied by cinematic sound direct from the screen, Acoustic Surface Audio+ ensures what you see and what you hear are perfectly matched. You can also enjoy an almost endless library of apps & content via the intuitive Google TV platform.
