### Conditions of Limited Warranty

In terms of this warranty, we are liable for ensuring that when the dealer hands this newly manufactured digital piano to the consumer, the product meets the characteristics stated in our product description for this digital piano. A defect only exists if the value or the functionality of the digital piano is significantly reduced.

If your Kawai digital piano is found by Kawai to have a defect in material or workmanship, Kawai UK Ltd. or its authorised dealer, registered technician or service centre will repair the defect with new or refurbished parts without charge within the periods outlined below.

**Labour** – For **five (5) years** from the date of the original purchase

**All Parts** – For **five (5) years** from the date of the original purchase

Kawai UK Ltd. will repair or replace any components as it deems necessary.

Kawai UK Ltd., at its own discretion, can decide to replace the digital piano with a similar model of similar age and condition or to provide compensation for the remaining warranty period on the basis of fair value.

A similar model of similar age will be provided with a warranty corresponding to the remaining term of the warranty of the affected product at the time a claim was made under the warranty. Warranties neither affect an extension nor a new beginning of the warranty period for this digital piano; exchanged parts become the property of Kawai UK Ltd. Further claims are excluded.

This warranty is only available to the original purchaser and is valid only when a new Kawai digital piano is purchased from an authorised Kawai digital piano dealer in the UK or Eire.

### Owners Responsibilities

Your dealer will possibly receive approval from Kawai UK Ltd. to have the product checked by their own technical staff. Otherwise, the product will be inspected by an authorised service partner of Kawai UK Ltd. The customer is not permitted to have the product repaired by a third party who has not been authorised by Kawai UK Ltd. In this case, all warranty claims are null and void.

2 - Should the digital piano be used in another country than that for which it was originally developed and produced, possibly modifications may have to be made to the digital piano so as to adapt it to the technical and/or safety-related standards of the other country. Such modifications may not be attributed to material or processing faults of the digital piano and are not covered by this warranty. There is no compensation for the costs neither for such modifications nor for any resultant damage incurred to the digital piano.

3 - Notify your authorised Kawai dealer of any defects within two (2) months of the discovery of the problem
