BASS OVERDRIVE BOD400

Authentic Tube-Sound
Overdrive Effects Pedal

- Get tube-like distortion, smooth sustain and super-fat tone
- This BEHRINGER product has been designed to compete head to head with leading products on the market
- Unique Balance control to blend between overdriven and dry bass sound for maximum punch
- Dedicated Level, 2-band EQ and Gain controls for awesome sound shaping
- Status LED for effect on/off and battery check
- Runs on 9 V battery or the BEHRINGER PSU-SB DC power supply (not included)
- First-class electronic On/Off switch for highest signal integrity in bypass mode
- 3-Year Warranty Program*
- Conceived and designed by BEHRINGER Germany

Get rich, tube-like distortion, smooth sustain and super-fat tone! Here's an overdrive pedal that supports the entire frequency range of bass guitars, even 5 & 6-stringers. The best part of all, the Bass Overdrive BOD400 was designed specifically for bass, so the bottom-end won't drop out when you pull the trigger.

Versatility

BOD400's overdriven tones range from a slight grind to the syrupy-thick sound of a tube stack just before meltdown. You also get exceptional tone sculpting, thanks to an onboard 2-band EQ, so you won't have to worry about your low "B" getting lost in the mix.

You've Got Control

We're as crazy about tone as you are, and as bassists we know that good EQ and dry signal blending are must-haves for real world situations. The BOD400 features a very musical 2-band EQ and dedicated Gain and Level controls. In addition, we included a Balance control to allow you to blend in just the right amount on clean tone to help keep your fundamental clear and provide maximum punch.

Sound Value

The BOD400 offers more features than anything in its class – and it won't hurt your wallet! From its easy-to-use controls, to its noise-free On/Off switch, the Bass Overdrive BOD400 will keep you solidly in the zone. Go try one out at your local dealer, and see just how nasty you might like to get.

You Are Covered

We always strive to provide the best possible Customer Experience. Our products are made in our own **MUSIC Group** factory using state-of-the-art automation, enhanced production workflows and quality assurance labs with the most sophisticated test equipment available in the world. As a result, we have one of the lowest product failure rates in the industry, and we confidently back it up with a generous **3-Year Warranty program**.
