The VINTAGE BC15 delivers real tube tone in a compact, 12-pound (5.6 kg) combo. This dual-channel 15-Watt guitar amp features a 12AX7 tube in its preamp stage, a Master volume and 2-band EQ – giving it a wide range of tonal options. The Gain button is provided to activate the Lead/Distortion channel. Ideally-suited for rehearsals, recording sessions and small gigs – the BC15 sports a custom-designed, vintage-tuned 8" TURBOSOUND speaker for incredible sound.

Classic Tube Preamp

A masterfully crafted combo amplifier, the BC15's hand-selected 12AX7 preamp tube provides sweetly-balanced harmonics and natural tube compression, resulting in the warm distortion and break-up you've come to appreciate from those vintage megaliths of yesteryear – only in a much more portable and attractive package.

Custom-Engineered Transducers

We never cut corners on our guitar speakers, and we never just pull what we have off the shelf. Our speakers are designed specifically for each application – it's what sets us apart from the competition. When you buy a **TURBOSOUND** speaker (combo or cabinet), you can rest assured that the speaker inside has been engineered to perform flawlessly in conjunction with every other element for truly professional results.

Special Features

The retro-stylish BC15 is all about tone, ease-of-use and convenience. You can connect your CD player, tape deck or MP3 player via the built-in ¼" TRS jack, so you can play along with pre-recorded or practice songs. The BC15 also features a headphone jack for private practice sessions.
