Finding the right size violin is crucial for comfortable playing.

The below guide can help you to determine the best size violin for you.

When finding a new violin for a young musician, sizing can be roughly worked out by age.

If you would like to further ensure you are purchasing the ideal size for optimum comfort, you can measure the distance between your neck and your wrist. Make sure you hold your arm out straight as if you are holding a violin and make a note of this length.

56cm	3/4
51cm	1/2
46cm	1/4
42cm	1/8
