ULTRA VIBRATO UV300

Classic Vibrato Effects Pedal

- Experience classic and mind-bending, dimensional vibrato effects of the '60s and '70s
- This BEHRINGER product has been designed to compete head to head with leading products on the market
- Dedicated Depth, Rate, Rise and Mode controls for awesome sound shaping
- Status LED for effect on/off and battery check
- Runs on 9 V battery or the BEHRINGER PSU-SB DC power supply (not included)
- First-class electronic On/Off switch for highest signal integrity in bypass mode
- 3-Year Warranty Program*
- Conceived and designed by BEHRINGER Germany

Kicking the ULTRA VIBRATO UV300 into action is like putting an invisible, automatic whammy bar on your guitar. From the gentle, pulsing rhythms of the ocean surf, to the wild, whirling effects of a rotating speaker system, the UV300 will bring a dose of days-gone-by to your sound.

Altered State

Select from Unlatch, Bypass or Latch modes and twist the dedicated Rise, Rate and Depth dials to create your ideal vibrato. In Latch mode, the effect is constantly on once you step on it. Unlatch mode only applies the effect while you press down on the pedal, so you can add vibrato to a single note if you like. Your guitar will be playing mind-games with everyone in earshot as familiar, but hardly ordinary, tones of the 1960s and '70s ooze out of your amp.

Power Options

The blazingly-bright amber LED tells you when the ULTRA VIBRATO UV300 is activated, and the first-class on/off switch maintains peerless signal integrity in bypass mode. You can power the UV300 with a 9 V battery or our [PSU-SB](#) DC power supply (not included).

Sound Value

To every tone, there is a time and purpose for getting...well, a little "retro-spective." When that mood strikes, you'll be glad you brought along your trusty ULTRA VIBRATO UV300 – audition yours today at your local dealer – or order online.

You Are Covered

We always strive to provide the best possible Customer Experience. Our products are made in our own [MUSIC Group](#) factory using state-of-the-art automation, enhanced production workflows and quality assurance labs with the most sophisticated test equipment available in the world. As a result, we have one of the lowest product failure rates in the industry, and we confidently back it up with a generous [3-Year Warranty](#) program.
