VINTAGE TUBE MONSTER VT999

Classic Vacuum Tube Overdrive

- Classic tube overdrive pedal based on a hand-selected 12AX7 vacuum tube
- This BEHRINGER product has been designed to compete head to head with leading products on the market
- Get a whole tube amp in a pedal and take off with anything from warm blues overdrive to heavy distortion
- Integrated and switchable Noise gate with adjustable Threshold keeps your sound noise-free
- Dedicated Gain, 3-band EQ and Master controls for awesome sound shaping
- Status LED for power on/off
- True hard-wire bypass for ultimate signal integrity
- 3-Year Warranty Program*
- Conceived and designed by BEHRINGER Germany

The VINTAGE TUBE MONSTER VT999 effects pedal has that full-tone roar of a tube engine under its hood, letting you take off with anything from warm blues overdrive to heavy distortion. Add to this the excellent build quality and true-bypass wiring, and you begin to see just how monstrous this pedal really is!

You Can Have it All

This high-quality stomp box has the warm sound of a hand-selected 12AX7 vacuum tube. In addition, the VT999 offers an integrated and switchable noise gate with adjustable threshold that keeps your signal noise-free. The VT999 provides the ultimate in distortion-laced tone shaping, with an onboard 3-band EQ and dedicated Gain and Master output level control.

True-bypass Switches

The brilliant status LED tells you when the VT999 is activated, and the top-quality on/off switch allows for true mechanical bypass when the effect is not in use, so your tone stays completely intact. VT999's dedicated power supply comes with it, so you're ready to rock right-out-of-the-box!

Value

With the VINTAGE TUBE MONSTER VT999 defining the ultimate tube-distortion tone, your guitar playing will definitely be kicked into monster overdrive! Check out the VT999 at your local dealer today, or grab yours online.

You Are Covered

We always strive to provide the best possible Customer Experience. Our products are made in our own MUSIC Group factory using state-of-the-art automation, enhanced production workflows and quality assurance labs with the most sophisticated test equipment available in the world. As a result, we have one of the lowest product failure rates in the industry, and we confidently back it up with a generous 3-Year Warranty program.
