

Specifications

Focusrite Scarlett 2i2 (2nd Gen)

- Two natural-sounding Scarlett mic preamps with plenty of even gain
- Two newly-designed instrument inputs, designed for seriously hot pick-ups
- Class-leading conversion and sample rates up to 192kHz / 24 bit
- One headphone output with gain control
- Super-low latency for using your plug-ins in real time without the need for DSP
- Connect professional studio monitor using two 1/4" balanced jack outputs
- Compact and tough enough to take anywhere
- Powered by USB so you don't need to carry a power cable
- Includes Pro Tools | First Focusrite Creative Pack and Ableton Live Lite
- All the additional software and loops you need to start recording

System Requirements

- Mac OS X Yosemite, EL Capitan
- Windows 8.1, Windows 7, Windows 10

Note: Scarlett 2i2 (2nd Gen) is class compliant on Mac, Driver will be required for PC
