

LARSEN STRINGS A/S

Larsen Strings A/S, Elholm 6 A, DK-6400 Sønderborg, Denmark

Factsheet

Larsen Crown for Cello

Your first step on the Larsen journey begins with Crown for cello. Providing a comfortably affordable entry point into our range yet without any compromise in the Larsen seal of quality and consistency.

A smoothly brilliant sound without metallic overtones. Great value without compromise.

String Details

All four strings have a solid steel core. The A and D strings are wound with a corrosion resistant alloy, the G string with nickel, and finally the C string is made using tungsten.

The entire range offers an impressive string response and playing characteristic. In developing these strings, we have remained true to our values of high quality and consistency and manufactured a product of extraordinary value at a highly affordable price.
