## Classic Strat, New Horizons

Since pioneering the GR-500 guitar synth in 1977, Roland has been dedicated to developing the ultimate electronic guitar. A perpetual and continuous quest for the next-generation guitar led to electric-guitar giant Fender®. Now, collaborating with Fender, Roland proudly introduces a new era of electronic guitar: V-Guitar!

### G-5 VG Stratocaster® Stratocaster Powered by Roland COSM® Technology

Roland rewrote guitar-tech history with the debut of COSM technology, which first appeared on the pioneering VG-8 guitar-modeling system. Today, the new G-5 infuses a coveted Fender Stratocaster with advanced features realized by Roland's COSM technology. In addition to offering all classic Stratocaster sounds and functionality, the G-5 provides a new world of electric and acoustic guitar tones recreated by COSM — including instantly accessible alternate tunings and 12-string sounds for all COSM guitar tones! The G-5 also offers a built-in library of coveted modeled pickup tones, and, thanks to COSM technology, also enables unique "ideal-performance" pickups, such as a humbucker with ultra-wide tone and a single coil with full, bold tone.

- ▶ Classic Stratocaster infused with COSM technology
- ▶ Modeled pickups onboard, including unique pickups such as ultra-wide humbucker ("Bright Humbucker") and full, bold single coil ("Wide Range")
- ▶ Instantly accessible alternate tunings and 12-string sounds through COSM guitar tones
- ▶ Simple and easy operation based on the Stratocaster design concept
- ▶ 22-fret neck with medium jumbo frets
- ▶ American inline tuning keys

#### G-5 Specifications

[ **Guitar specifications** ] ■ **Color variation type 1** G-5-BLK (Body Color: Black, Neck: 1-piece Maple neck) ■ **Color variation type 2** G-5-3TS (Body Color: 3-Tone Sunburst, Neck: Rosewood/Fingerboard) on Maple) | **Common specifications** | ■ **Body** Alder ■ **Neck** Fingerboard Radius: 24.1 cm; 9.5", Backshape: Modern "C" shape, Scale Length: 64.8 cm; 25.5", Number of Frets: 22, Fret Size: Medium Jumbo ■ **Pickups** Fender Strat Pickups, Single Coil type x 3, Divided type x 1 ■ **Bridge** Vintage Style Synchronized Tremolo ■ **Controls** MODE knob (5types: N: Normal (non-modeling mode), S: Modeled Stratocaster, T: Modeled Telecaster, H: Modeled Humbucking Pickups, A: Modeled Acoustic guitar), TUNING knob (6types: N: Normal tuning, D: Drop D, G: Open G, d: D Modal, B:

Baritone, 12: 12 String guitar), TONE Control knob, VOLUME knob, 5-Way switch ■ **Indicator** Power indicator ■ **Weight** 3.8kg; 8 lbs 7 oz ■ **Nominal Output Level** -20 dBu ■ **Output Impedance** 2 kΩ ■ **Recommended Load Impedance** 20 kΩ or greater ■ **Connector** Guitar Jack (1/4" phone type) ■ **Power Supply** DC 6 V: Alkaline battery (AA, LR6) x 4, Rechargeable Ni-MH battery (AA, HR6) x 4 ■ **Current Draw** 230 mA (DC 6 V) \* Expected battery life under continuous use: Alkaline battery: 6 hours, Rechargeable Ni-MH battery: 9 hours \* These figures will vary depending on the actual conditions of use. ■ **Accessories** G-5 VG Stratocaster® Owner's Manual, OWNER'S MANUAL FOR FENDER® GUITARS, Tremolo Arm, Hexagonal wrench, Alkaline battery (AA, LR6) x 4, Special gig bag

\* 0 dBu = 0.775 Vrms
