

DT 35

Dynamic Headphone

FEATURES

- Open-back design
- Lightweight and robust neckband
- Ideal for sport
- Powerful transducers provide maximum sound
- Single-sided cable
- Mini stereo jack plug (3.5 mm)
- Available in black and white

DESCRIPTION

The DTX 35 headphone has been designed to connect to all portable audio devices such as MP3, CD or MD player. Therefore, it is ideal for sport and all those who are on the move and do not want to miss their favourite music. The single-sided cable avoids getting entangled and ensures maximum freedom of movement. The neckband provides a perfect fit even on bumpy ground. The open design allows attenuated ambient noise to penetrate ensuring the safety and enabling a conversation while running. In addition to a high comfort the DTX 35 provides a pure sound with soft highs.
