

MODE MACHINES MM-7

The MM-7 of the german manufacturer MODE MACHINES is a guitar/bass-effect pedal with a main focus on compression. With the built in knobs you can adjust the output volume, the tone of sound and the intensity of compression. By narrowing the dynamic range of a signal, it is delivering a more consistent overall loudness.

FEATURES

- Simple and intuitive layout
- Adjustable tone of sound and intensity of compression
- Full metal shell
- True bypass

DELIVERY

- MM-7
- User manual

TECHNICAL SPECIFICATIONS
