ULTIMO Pro - Studio

The flag ship of the ULTIMO range the Pro-Studio has been designed from the ground up to effortlessly support the heaviest of condenser mics with a footprint of less than 400mm x 500mm..

It's low center of gravity with a solid aluminium base, dual uprights with bracing provides the stability required.

No tripod legs, no drooping booms, it's looks and performance are suitably impressive.

Fully height adjustable with adjustable feet for uneven surfaces the Pro - Studio will provide a lifetimes service to any recording environment.

(Shown fitted with optional reflection screen)
