JUPITER - play together!

Music at its finest with JUPITER Quality Wind Instruments

For over 35 years we have been developing and building wind instruments according to the highest quality standards. Countless innovative ideas, such as the Waveline™ Flutes and Ergonomic Trombones, have been successfully developed. For such developments, we like to collaborate with internationally acclaimed musicians and highly qualified teachers whose input is solicited at every step along the way. JUPITER's reliable, durable and high-quality wind and brass instruments are your ticket to a promising career in music.

■ JUPITER 500 Series

Sturdy instruments with a smooth response. Ideal for those who wish to learn an instrument.

■ JUPITER 700 Series

Instruments that spark your ambition, passion, enjoyment and excitement. They support players with a remarkable quality level and great sound.

■ JUPITER 1000 Series

These are instruments whose quality is akin to that of the 1100 Performance Series that satisfies special demands.

■ JUPITER 1100 Performance Series

Instruments built using special techniques and various materials to satisfy the high demands of experienced and professional musicians.

Why you should play the trumpet, flugelhorn or cornet!

1. The sound: Audibly unique.
2. Melody and solo instruments.
3. Versatile: classical music, jazz, pop, rock and traditional music.
4. Helps you train your dexterity and concentration.
5. Meet fellow musicians, quickly connect with people in unfamiliar places, experience the benefits of a tightly-knit musical community.

Take a look behind the scenes and learn about the production and quality of JUPITER instruments.

JUPITER - play together!

JTR500Q

The ideal entry-level instrument.

The JUPITER JTR500Q Bb Trumpet is the ideal instrument for young players. Its leadpipe and tuning slide crook made of rose brass and its nickel silver outer slides turn the JTR500Q into a reliable instrument for years to come. Its smooth response and improved valve system with internal valve springs were designed to help musicians experience the joy of playing music.

BRIGHT.

CONSTANT.

JUPITER - play together!

JTR700RQ

Reliable companion for long-lasting musical enjoyment.

The JUPITER JTR700RQ Bb Trumpet is the worthy successor of the JUPITER JP606. Exacting manufacturing processes lead to excellent quality and functionality. Its salient quality features are a high-quality rose brass bell, the rose brass leadpipe, the rose brass tuning slide and the nickel silver outer slides.

SPECIFICATIONS

- 700 Series
- Bb trumpet
- Bore: 11.68 mm
- Bell: Ø 123 mm, rose brass
- Leadpipe and tuning slide: Rose brass
- Outer slides: Nickel silver
- Valves: Stainless steel, internal springs
- Water key at 3rd valve slide and main tuning slide
- Thumb rest at 1st valve slide
- Adjustable ring at 3rd valve slide
- Pearloid finger button inlays
- JUPITER JPKC18Q Light case, Mouthpiece and accessories

Reliable

companion

JUPITER - play together!

JTR710

The sound choice for young beginners.

The JUPITER JTR710 Bb Pocket Trumpet may be compact, but unlike other pocket trumpets, it comes with a normal-sized bell. For this reason, quite a few trumpet teachers recommend JUPITER's pocket trumpet for young beginners. Playing the JTR710 means that the musician's arms remain much closer to their body, reducing the lever effect—this greatly facilitates learning to play the instrument.

SPECIFICATIONS

- 700 Series
- Bb pocket trumpet
- Bore: 11.70 mm
- Bell: Ø 123 mm, brass
- Valves: Stainless steel
- Thumb rest at 1st valve slide
- Pearloid finger button inlays
- JUPITER JPKC22LA case, Mouthpiece and accessories

JTR1100Q

Enviably present for big band, soul and jazz combos.

The JUPITER JTR1100Q Bb Trumpet was made for players in search of a smooth response coupled with a beautiful sound. The bell is reinforced with a brass wire, which lends it an assertive sound. This trumpet is perfect for soloists in a combo or big band. The silver-plated JUPITER JTR1100SQ Bb Trumpet offers maximum performance. It is, quite simply, THE solo instrument for just about any genre.

SPECIFICATIONS

- 1100 Performance Series
- Bb trumpet
- Bore: 11.70 mm
- Bell: Ø 123 mm, brass, with brass wire
- Leadpipe and tuning slide: Rose brass
- Reversed leadpipe
- Valves: Monel

JTR110RQ

For symphonic, classical and church music.

The JUPITER JTR110RQ Bb Trumpet strikes you as extremely versatile in all registers. It is suited for symphonic brass, classical and church music. It has a velvety, yet bright and radiant sound that does honor to orchestras and ensembles alike. Compared to its lacquered sibling, the JUPITER JTR110RSQ has a slightly more brilliant sound.

SPECIFICATIONS

- 1100 Performance Series
- Bb trumpet
- Bore: 11.70 mm
- Bell: Ø 123 mm, rose brass, with brass wire
- Valves: Monel
- Brace at leadpipe and tuning slide
- Outer slides: Nickel silver
- Thumb rest at 1st valve slide
- Fixed ring at 3rd valve slide
- Pearloid finger button inlays

1100 Performance Series

JFH1100R

For expressive melodic phrasing.

The JUPITER JFH1100R Bb Flugelhorn comes with a precisely and uniformly shaped bell thickness. This greatly contributes to its warm and powerful sound. Its nickel silver outer slides and Monel pistons are built to last. Three water keys, an ergonomically shaped trigger at the 3rd valve and a pushrod with metal joints round out the instrument's features.

SPECIFICATIONS

- 1100 Performance Series
- Bb flugelhorn
- Bore: 10.50 mm
- Bell: Ø 152 mm, rose brass
- Bell branch: Rose brass
- Leadpipe: Brass
- Valves: Monel
- Ergonomically optimized trigger at 3rd valve
- Pearloid finger button inlays
