 **YAMAHA**

Clavinova® CVP-609/609GP
CVP-605/601

Discover the new, versatile Piano.

Feels exactly like playing a piano but has a wide range of functions. Clavinovas that will expand your enjoyment of music.

Love playing music. Love playing with music. The new CVP series offers a variety of ways to enjoy music. Thanks to 'Real Grand Expression' you can achieve a performance feeling just like that of a grand piano: perfect sound, touch and pedals. Create your own performance desired setup for the piano voice with the new 'Piano room' feature, for example by changing the lid position or setting. But the new CVP series offers much more: Discover a versatile piano that includes numerous instrument voices in addition to the piano. Thanks to the powerful style-engine with several backing bands you can play a multi-instrument ensemble all by yourself. Plug in a microphone and enjoy the sing along feature – either accompany yourself, choose a backing track or even sing your own audio files using the karaoke function or Vocal Cancel. The new intuitive control panel with a colored touch screen display (CVP-605/609) is incredibly easy to use and even if you're not used to reading scores you can still learn and play for the first time thanks to guidance functions or scores on the display screen. On top of all of this, you can even manage music data and set up performance settings by connecting special apps for iPad.

- Mimics the experience of performing on a grand piano.
- Lets you play a multi-instrument ensemble, all by yourself.
- Play with a backing band and feel like a pro.
- Liven up your home parties with music accompaniment.
- Includes guide functions so that even beginners can soon make their debut.

Clavinova® CVP-609/609GP CVP-605/601

Sound, touch, pedals.
Perfectly integrated to give you the sensation of playing a grand piano.

Real Grand Expression. This phrase embodies what is meant by Clavinova's expressive capability. It was developed using the skills and craftsmanship of building acoustic pianos and allows the integration of sound, touch and pedals in a single piano. This piano produces the exact sound you want through the touch of the keys and the feel of the pedals. As you play, you will truly feel as though you are playing a grand piano.

Real Grand Expression

Sound Touch Pedals

The sensation of playing a grand piano.

- The **"RGE Sound Engine"** delivers the ultimate expressive capability for the CVP-series.
- **Smooth Release** delivers smooth variations of the tone depending on the touch.
- **String Resonance** expresses the mellow sounds of the other strings resonating.

Keys that respond perfectly to the players' intentions.

- **88-key Linear Graded Hammers** reproduce a **unique weight for each key.** (CVP-609)
- **Natural Wood keyboard** and **synthetic ivory keytops.** (CVP-605/609) make you feel like you're playing a piano.
- The **GH3** consistently reproduces the feeling of touching a grand piano.

Achieving the ideal sound.

- The **GP Response Damper Pedal** operates and feels exactly like a grand piano. (CVP-609)
- The Damper pedal with **half pedal effect** successfully adjusts your playing.

Clavinova® CVP-609/609GP CVP-605/601

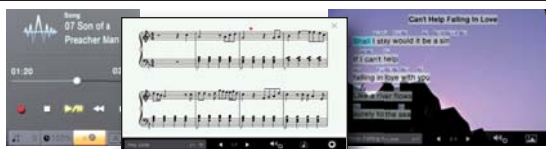

Intuitive Control Panel ensures easy operation.

Perform with a backing band and orchestras.

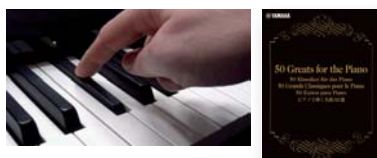

Playback or record your favorite music.

Be the song star of your stage at home.

Make your debut on the CVP-Clavinova!

Connected!

Some of the many new ways to enjoy playing the piano.

- The easy-to-understand user interface has a touch screen that makes it simple to operate, just like on a mobile phone or tablet device. Slide between screens, choose and drag functions to create your perfect combination of sound, setting and accompaniment. (CVP-605/609)
- **New intuitive features** like the "Piano Room". Allows you to choose your desired setting and piano sound. Play different types of pianos, change the lid position or even choose your ambiance and thus the acoustic, from churches to stages you can move your piano from the comfort of your own home or studio and **see it all happen on the touch screen display.**
- **Quick and easy selection of voices, styles and function:** Save your most frequently used sounds and styles to your **favorite tab, customize** the short cut menu and assign functions to the **Assignable buttons.** (CVP-605/609)
- Play with high quality voices like **Super Articulation** (CVP-601/605/609) or **Super Articulation 2** (CVP-609).
- Enjoy a huge variety of accompaniment styles from different genres with **Mega Voice technology.**
- Just play: By changing the chord **fingering type**, you can produce appropriate accompaniment even if you don't press a whole chord. The fingering types adapt appropriately meaning that **playing has never been so easy!**
- Get inspired by the **well organized and structured display** and find the best style for you using the **Style recommendation** function.
- The new **chord tutor** gives a perfect overview of all chords.
- Playback or record MIDI Songs and **show lyrics and scores on the display screen.**
- Playback or record **your performances as Audio** files to create your own CD or share with your friends.
- Enjoy **enhanced audio functions** like Time Stretch, Pitch Shift or Vocal Cancel which adapt audio files to play along to according to your demands. (CVP-605/609)
- **Connect a microphone and sing** while you're accompanying yourself or sing along with MIDI, MP3 or WAVE songs.
- Sing polyphonically as if in a choir and explore the many special effects provided by **Vocal Harmony** (CVP-605) or **Vocal Harmony 2** (CVP-609).
- **Transpose and speed up or down the tempo** of the song you'd like to sing along to, **either for MIDI Song or Audio data.** You can even **turn off the voice** using 'Vocal Cancel' and sing along with original Audio backing tracks.
- Choose one of the **preset songs**, tailor it to your desired **difficulty level** and learn or improve your skills using the **scores on the display screen** and the **guide lamps** that take you through the music and stop you when you play a wrong note.
- Enjoy playing the songbook **"50 greats for the Piano"** which is included.
- Choose guide functions for the microphone to **improve your singing.** (CVP-605/CVP-609)
- Record your right and left hand separately to **control your performance.** Transpose your recording to another key to improve your musical skills.
- There is a special app which is both fun and efficient, allowing you to manage your music data and easily set up performances.
