

All-in-One PA for Solo Keyboardists

Cover your whole gig
with one speaker.

3-way, 1,400-watt PA system delivers
studio-quality sound for vocals,
keyboards and other instruments

Integrated multi-channel digital mixer
with effects

Multi-band feedback suppression

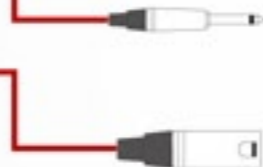

"What's it like to use one of these as your
keyboard amp onstage? Like bringing a
nuclear submarine to a fistfight."

—Stephen Fortner, *Keyboard
Magazine*, February 2013
