

STAGESOURCE L2m

Compact, 2-Way Powered PA Speaker with Studio-Quality Sound

Optimize your sound for any application with DSP-powered performance modes

800 watts of power and articulation, from the coffee house to the club

Protect your performance with precision feedback suppression

Streamline setup with L6 LINK™ digital networking

StageSource® L2m loudspeakers use massive DSP—unmatched in their class—and huge power to deliver studio-quality live sound at every gig. Onboard sensors get you set up fast, and built-in feedback suppression keeps your sound pure throughout your performance. When you need to build a larger system, onboard L6 LINK™ digital networking communicates with additional speakers for seamless setup and optimal sound. StageSource is the only speaker that is designed to be the perfect solution for all your live sound applications—from coffee shops to major clubs.

Specifications

Part Number 99-032-0225	Case Pack Weight 50 lbs
UPC 614252299954	Display Box Size 28.9" H x 17.2" W x 17.2" L
Case Pack 1	Display Box Weight 50 lbs
Case Pack Size 28.9" H x 17.2" W x 17.2" L
