

NEW PRODUCT INFORMATION

WPB-T12

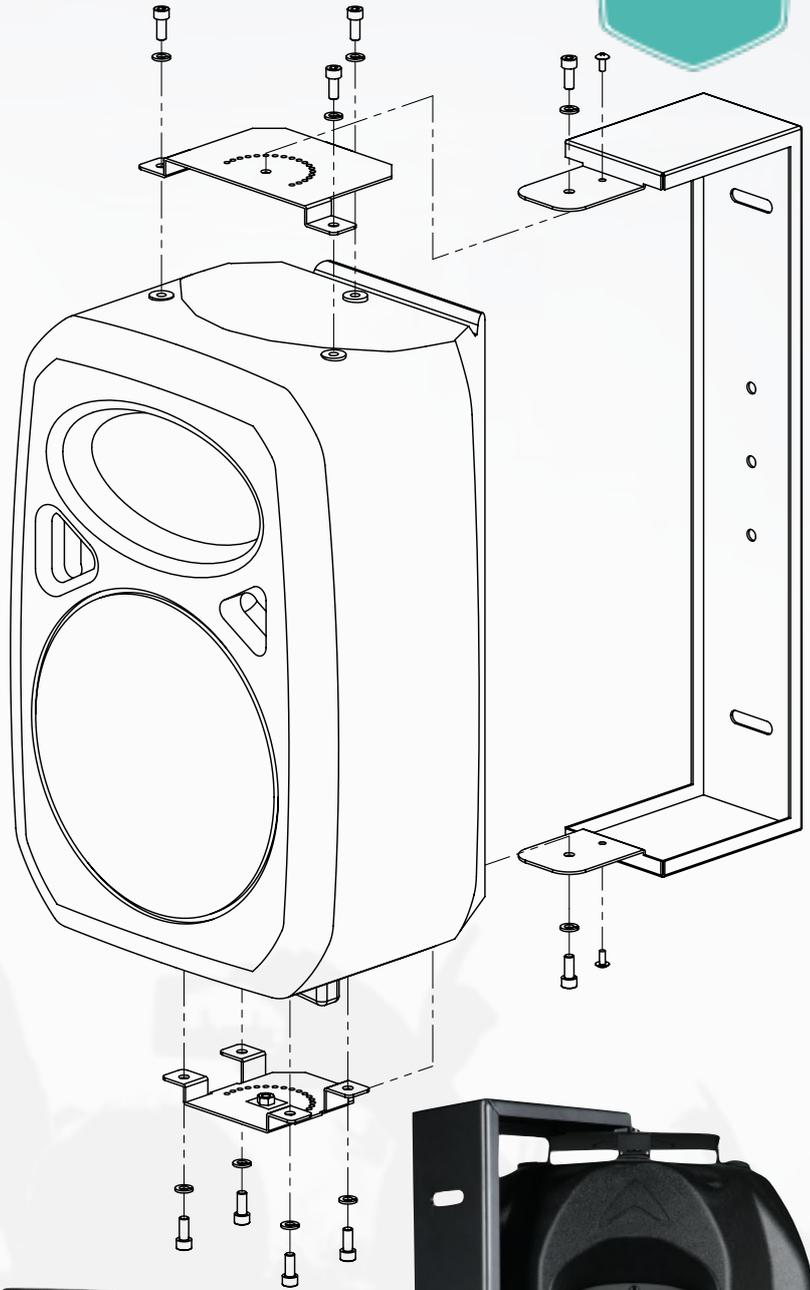

Tidy-up for Titan-12's

Titan 12, Titan 12D, Titan-AX12, Titan-X12 and Titan-12Z are used in installations around the world. From bars and cafes through to sports halls and dance clubs, 12" Titans have become a reliable favourite for installers.

To make life easier for installers, Wharfedale Pro introduce the WPB-T12, an all-steel wall bracket for all 12" models of Titan.

Using the 3 top and the 4 bottom M8 rigging points, this adjustable bracket is quick and straightforward to fit to a Titan.

The WPB-T12 holds the Titan close to the wall and also helps to keep cables out of sight.

WHAT MAKES THEM GREAT?

- All steel construction
- Compatible with all 12" Titan models
- Secure fixtures
- Quick and easy for installers
- Keeps the Titan close to the wall
