## Connect

Once you have installed Connect, enter your serial code and click 'Download'. You will then be prompted to create a new folder for Altron. When choosing your location make sure that you have at least 28 GB of free space.

## Downloading

Once the download begins, be sure not to move, rename or modify any of the files in any way until the installation is 100% complete.

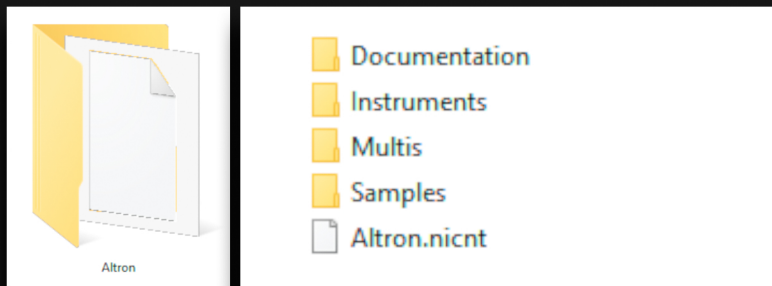

## Finished Downloading

Once Altron has finished downloading, Connect will unpack the zip and rar files automatically and install them in the folder you created.

## Folder Structure

It's important that the file structure is maintained within the 'Altron' folder. Here's how the folder should appear:

**Please note.** If your folder looks like shown in the picture below, move the rar files out or delete them.

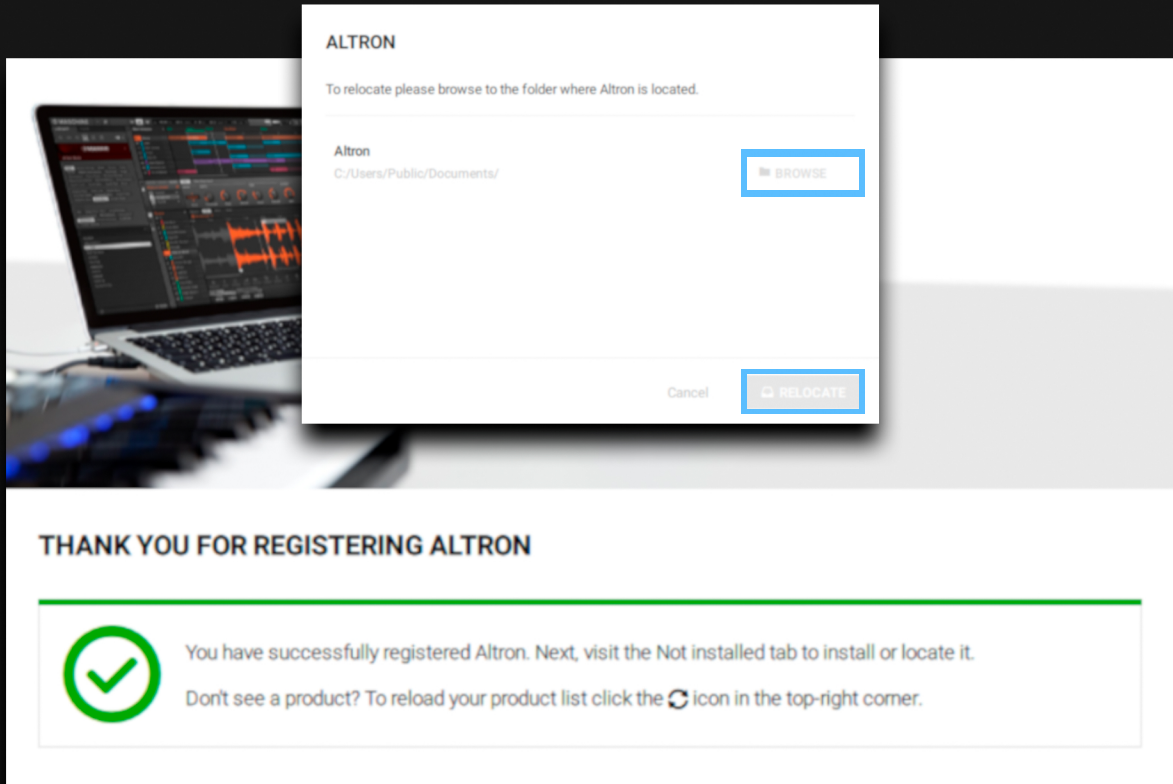

## Activation

Open Native Access and click 'Add a serial' paste your serial and click the 'ADD SERIAL' button.

## Locate Altron

Click on 'BROWSE' and select the location of your Altron folder. Than click 'RELOCATE'. Now Altron should appear on the libraries page.
