

Fender™

# Mini**Tone Master**®

**Owner's Manual**

# Control Description

## Top Panel Functions

**A) INPUT** – Plug your guitar in here.

**B) GAIN** – Adjusts the amount of pre-amp gain. High gain setting will supply more distortion and sustain.

**C) VOLUME** – Adjusts amplifier loudness.

**D) TONE** – Adjusts the bass and treble.

**E) POWER** – Switches the Amplifier ON or OFF.

**F) POWER INDICATOR** – Illuminates when the amplifier is ON.

## Side Panel Functions

**G) HEADPHONE JACK** – Connection for headphones. Using this jack automatically disables the internal speakers.

**H) +- DC 9V** – 9V DC power adapter connection. Only use a safety certified external power adapter that is rated properly for use with this product.
