

Measure it E

Electronic stylus balance

- 4 digit LCD display with backlight
- 4 weighing modes
- Wide capacity 0 - 5g
- Calibration weight
- Precision data readouts with low variance
- Auto calibration function
- Auto power off after 30 seconds
- Low power consumption
- Button cell batteries included

Technical specifications

Technical specifications	Measure it E
Capacity	0 - 5g
Variance	±0,002g
Weighting modes	gram (1g = 10mN), ounce (oz), pennyweight (dwt) carat (ct)
Display	4 digit LCD with backlight
Calibration	auto calibration using a 5g weight
Auto off	30 seconds off
Replacement battery	2 x LR43 (AG12) button cells, 1,5V
Operating temperature	+10 - +30° C (50 - 86 degrees Fahrenheit)
Dimensions (W x H x D)	96 x 21 x 43mm
Weight	49g

Precision stylus gauge for reliable tracking force calibration!

The *Measure it E* Stylus Tracking Force Gauge is a highly accurate electronic balance that is designed for measuring stylus tracking forces up to 5.0 grams in 0.002 gram increments. Each *Measure it E* can easily be calibrated using the supplied calibration weight and by pushing a button. Whenever in doubt about the actual amount of pressure on the diamond tip the 4 digit display of this smart tool will help. Armed with precise information about tracking force, your stylus tip wear can be significantly reduced.

Product comparison:

Measure it II

- ⇒ Full metal casing
- ⇒ Touchscreen display
- ⇒ Extended measurement accuracy
