pTrumpet[®]

As musicians, we understand and value the positive impact music has in our lives.

We revolutionised the trombone world in 2010 with pBone, the first plastic trombone, making brass instruments accessible to everyone.

The pTrumpet is truly ground-breaking, with a fully plastic valve system.

Our patented polymer lead pipe technology gives **pTrumpet** its unbeatable and unrivalled sound quality and playability.

Designed in England, by musicians for musicians, **pTrumpet** offers a truly authentic trumpet experience.

Join the pTrumpet family to receive news and updates. You could win one of the very first instruments off the production line!
