FILENAME	DESCRIPTION
MEDS Large Bipole Long.wav	METAL COMPLEX MECHANISM LARGE Opening, followed by squeaking metal. Engaging, snapping forcefully and rhythmically into place.
MEDS Large Bipole Short.wav	METAL COMPLEX MECHANISM LARGE Opening, followed by rhythmically clicking into place with deep impact and closing in the end.
MEDS Large Crossover Long.wav	METAL COMPLEX MECHANISM LARGE Snappy and deep impacts with rattling, clacking, grinding and sliding elements.
MEDS Large Crossover Short.wav	METAL COMPLEX MECHANISM LARGE Short sequence of opening and closing, sliding, rattling and snapping elements.
MEDS Large Drawbridge Long.wav	METAL WINDING MECHANISM LARGE Squeaking and clicking opening elements leading into closing with low impact.
MEDS Large Drawbridge Short.wav	METAL WINDING MECHANISM LARGE First variation only opening and closing, other variations with clicking and rattling middle part.
MEDS Large Enigma Long.wav	METAL COMPLEX MECHANISM LARGE Low impact followed by two different chain movements. Rattling and squeaking elements.
MEDS Large Enigma Short.wav	METAL COMPLEX MECHANISM LARGE Impact followed by short, clicking and rattling movement. Ending with heavy impact.
MEDS Large Grid Large.wav	METAL COMPLEX MECHANISM LARGE Several rattling and moving mechanisms with sliding and clicking elements.
MEDS Large Grid Short.wav	METAL COMPLEX MECHANISM LARGE Heavy impacts and short, rattling sequences in the end. Some variations with ringing bell.
MEDS Large Lost Compass Long.wav	METAL COMPLEX MECHANISM LARGE Short squeaking followed by rattling chain and rhythmically clicking. Deep, closing impact in the end.
MEDS Large Lost Compass Short.wav	METAL COMPLEX MECHANISM LARGE Fast opening with light, squeaking elements, leading into snappy impact.
MEDS Large Please Close The Window Long.wav	METAL LOCKING MECHANISM LARGE Creaking, then dull impact and several moving, rattling and low, rumbling elements.
MEDS Large Please Close The Window Short.wav	METAL LOCKING MECHANISM LARGE Low and high squeaking elements followed by heavy, shutting with rattling elements.
MEDS Large Printing Works Long.wav	METAL COMPLEX MECHANISM LARGE Moving chain with several heavy stops. Some sliding, rattling and ringing elements with much low end.
MEDS Large Printing Works Short.wav	METAL COMPLEX MECHANISM LARGE Fast moving chain with heavy, stopping impact. Rattling and slightly squeaking elements.
MEDS Large Scrooge Safe Long.wav	METAL COMPLEX MECHANISM LARGE Several opening and closing sequences followed by rattling and clicking metal, snapping into place.
MEDS Large Scrooge Safe Short.wav	METAL COMPLEX MECHANISM LARGE Deep impact followed by fast rattling sequence and ending with stopping impact.
MEDS Large Switch Long.wav	METAL COMPLEX MECHANISM LARGE Multiple rhythmical, engaging, latching and locking with squeaking, rattling and light, ringing elements.
MEDS Large Switch Short.wav	METAL COMPLEX MECHANISM LARGE Short engaging, latching or locking. With squeaking, sliding and ringing elements.
MEDS Large The Vault Door Long.wav	METAL LOCKING MECHANISM LARGE Heavy, deep, engaging impacts with by rhythmically clicking and tensioning. Ringing and squeaking elements.
MEDS Large The Vault Door Short.wav	METAL LOCKING MECHANISM LARGE Several, low impacts. Some variations with rattling and tensioning movement.
MEDS Large Treadwheel Crane Long.wav	METAL WOOD HOISTING MECHANISM LARGE Low metallic impact with moving, rattling chain. Much low end and some light squeaking elements.
MEDS Large Treadwheel Crane Short.wav	METAL WOOD HOISTING MECHANISM LARGE Chain movement with rattling and squeaking elements and deep, locking impacts.
MEDS Medium Behind Bars Long.wav	METAL PLASTIC COMPLEX MECHANISM MEDIUM Multiple snapping and locking mechanisms with sliding and rattling.
MEDS Medium Behind Bars Short.wav	METAL PLASTIC COMPLEX MECHANISM MEDIUM Sliding and locking several times. High and snappy. Slightly resonating elements.
MEDS Medium Chunky Metal Mayhem Long.wav	METAL COMPLEX MECHANISM MEDIUM Moving rhythmically with different speeds. Engaging in the end. Resonating and lightly squeaking.
MEDS Medium Chunky Metal Mayhem Short.wav	METAL COMPLEX MECHANISM MEDIUM Squeaking movement followed by snapping impact with rattling and ringing elements.
MEDS Medium Clockwork Long.wav	METAL PLASTIC WINDING MECHANISM MEDIUM Shutting impact followed by several different, rhythmically clicking and ticking elements.
MEDS Medium Clockwork Short.wav	METAL PLASTIC WINDING MECHANISM MEDIUM Closing impact followed by short, rhythmic and fast ticking. Ending with locking impact.
MEDS Medium Crankminer Long.wav	METAL PLASTIC COMPLEX MECHANISM MEDIUM Several clicking and ticking cranking and winding mechanisms ending with smaller and bigger impacts.
MEDS Medium Crankminer Short.wav	METAL PLASTIC COMPLEX MECHANISM MEDIUM Short slide followed by latching impact with rattling chain. Fast with much low end.
MEDS Medium Deadlock Long.wav	METAL LOCKING MECHANISM MEDIUM Several opening mechanisms followed by winding and cranking sequences, ending with shutting, closing impact.
MEDS Medium Deadlock Short.wav	METAL LOCKING MECHANISM MEDIUM Winding and cranking leading into closing impact with different speed and length.

# MECHANICALS

MEDS Medium Gear Shifter Long.wav	METAL CRANK MECHANISM MEDIUM Shortly squeaking, then sliding, engaging and shutting. Very dense, interlocking mechanisms with large variety.
MEDS Medium Gear Shifter Short.wav	METAL CRANK MECHANISM MEDIUM Short squeak followed by several latching elements that are locking into place.
MEDS Medium Industrial Tamper Long.wav	METAL COMPLEX MECHANISM MEDIUM Rhythmically squeaks and impacts in row. Two variations with sliding movement in background.
MEDS Medium Industrial Tamper Short.wav	METAL COMPLEX MECHANISM MEDIUM Heavy, low impact with sliding, rolling and rattling elements. Snappy and tight.
MEDS Medium Lock And Load Long.wav	METAL LOCKING MECHANISM MEDIUM Sliding, ticking and cranking with subtle stops ending with big impact.
MEDS Medium Lock And Load Short.wav	METAL LOCKING MECHANISM MEDIUM Slide with impact followed by rattling and cranking elements, ending with shutting impact with some squeaking.
MEDS Medium Secret Door Long.wav	METAL WOOD COMPLEX MECHANISM MEDIUM Opening sequence, then long, sliding with moaning and squeaking elements ending with shutting impact.
MEDS Medium Secret Door Short.wav	METAL WOOD COMPLEX MECHANISM MEDIUM Tight latching, then short, sliding with squeaking and clicking.
MEDS Medium Solid Gears Long.wav	METAL PLASTIC COMPLEX MECHANISM MEDIUM Slowly moving with clicking, squeaking and cranking elements. Closing impact in the end.
MEDS Medium Solid Gears Short.wav	METAL PLASTIC COMPLEX MECHANISM MEDIUM Fast movement with ticking, dialing elements ending with rattling impact.
MEDS Medium Strongbox Long.wav	METAL COMPLEX MECHANISM MEDIUM Multiple latching and snapping impacts with some rolling and moving elements.
MEDS Medium Strongbox Short.wav	METAL COMPLEX MECHANISM MEDIUM Several, deep, engaging mechanisms with sliding, rattling and slightly squeaking elements.
MEDS Medium Wind Me Up Long.wav	METAL PLASTIC WINDING MECHANISM MEDIUM Large mixture of winding mechanisms with different sizes and speeds. Rattling, sliding and ringing elements.
MEDS Medium Wind Me Up Short.wav	METAL PLASTIC WINDING MECHANISM MEDIUM Shutting and locking impacts. First variation with slide and ringing bell.
MEDS Small Grandpas Little Money Machine Long.wav	METAL PLASTIC MECHANICAL SYSTEM SMALL Clicking, winding and ticking. Some elements with rising pitch. Squeaking and rattling.
MEDS Small Grandpas Little Money Machine Short.wav	METAL PLASTIC MECHANICAL SYSTEM SMALL Winding, clicking and squeaking with ringing bell in the end.
MEDS Small Keylock Long.wav	METAL LOCKING MECHANISM SMALL Several locking and latching elements with sliding, rattling and squeaking.
MEDS Small Keylock Short.wav	METAL LOCKING MECHANISM SMALL Fast rattling, sliding and snapping elements with some squeaking.
MEDS Small Little Gizmo Long.wav	METAL PLASTIC WINDING MECHANISM SMALL Sequence of several winding up and snapping into place with different speeds and lengths.
MEDS Small Little Gizmo Short.wav	METAL PLASTIC WINDING MECHANISM SMALL Short latching, then winding up fast and stopping with closing, rattling impact.
MEDS Small Locked Up Long.wav	METAL PLASTIC LOCKING MECHANISM SMALL Opening, winding up and clicking into place multiple times.
MEDS Small Locked Up Short.wav	METAL PLASTIC LOCKING MECHANISM SMALL Opening with rattling elements, short winding up, ending with rasping impact.
MEDS Small Micro Gadget Long.wav	METAL PLASTIC COMPLEX MECHANISM SMALL Several winding mechanisms with rattling, clicking and motorized winch.
MEDS Small Micro Gadget Short.wav	METAL PLASTIC COMPLEX MECHANISM SMALL Clicking and rattling, then fast winding leading into resonating, closing, impact.
MEDS Small Mistery Box Long.wav	METAL PLASTIC COMPLEX MECHANISM SMALL Multiple clacking, cranking, winding and rattling actions in a tight sequence. Stamping and perforating.
MEDS Small Mistery Box Short.wav	METAL PLASTIC COMPLEX MECHANISM SMALL Sliding and rattling followed by engaging, snapping impact. Slightly ringing elements.
MEDS Small Secret Mechanism Long.wav	METAL PLASTIC COMPLEX MECHANISM SMALL Rotating, moving and cycling elements with small impacts.
MEDS Small Secret Mechanism Short.wav	METAL PLASTIC COMPLEX MECHANISM SMALL Latching and engaging with ringing and rattling elements.
MEDS Small Steampunk Reloader Long.wav	METAL PLASTIC WINDING MECHANISM SMALL Several cranking and winding elements with squeaking and rattling.
MEDS Small Steampunk Reloader Short.wav	METAL PLASTIC WINDING MECHANISM SMALL Fast winding up, ending with resonant, clicking in to place impact.
MEDS Small Toy Box Long.wav	METAL PLASTIC COMPLEX MECHANISM SMALL Winding and cranking with rattling springs and bouncing impacts. High with clicking and ticking elements.
MEDS Small Toy Box Short.wav	METAL PLASTIC COMPLEX MECHANISM SMALL Short winding up, then snapping, resonating spring impact.
MEDS Small Trinket Long.wav	METAL PLASTIC COMPLEX MECHANISM SMALL Winding and ticking mechanisms with clicking into place. Some sliding and resonating elements.
MEDS Small Trinket Short.wav	METAL PLASTIC COMPLEX MECHANISM SMALL Fast winding up, ending with resonant, snapping in to place.
MEDS Small Turnado Long.wav	METAL PLASTIC COMPLEX MECHANISM SMALL Fast moving with several locking and latching elements. Ringing and resonating.

# MECHANICALS

MEDS Small Turnado Short.wav	METAL PLASTIC COMPLEX MECHANISM SMALL Winding up and snapping into place with some ringing elements.
MEDS Tiny Ancient Fidget Spinner Long.wav	METAL PLASTIC COMPLEX MECHANISM TINY Opening with rattling and clicking elements, then unspooling, ending with rasping impact.
MEDS Tiny Ancient Fidget Spinner Short.wav	METAL PLASTIC COMPLEX MECHANISM TINY Opening with clicking, then unspooling, ending with rasping impact and snapping.
MEDS Tiny Constructor Long.wav	METAL COMPLEX MECHANISM TINY Initially clicking, shortly spooling, then cranking and rattling. Winding and clasping.
MEDS Tiny Constructor Short.wav	METAL COMPLEX MECHANISM TINY Initially clicking, very shortly spooling, then cranking. Some clasping.
MEDS Tiny Drill Constructor Long.wav	METAL WOOD WINDING MECHANISM TINY Very fast winding up. Rattling and clicking quickly. Some high ringing.
MEDS Tiny Drill Constructor Short.wav	METAL WOOD WINDING MECHANISM TINY Very fast winding up. Rattling and clicking shortly. Subtly ringing.
MEDS Tiny Frantic Long.wav	METAL COMPLEX MECHANISM TINY Rotating, moving and winding elements. Hectically clicking and rattling.
MEDS Tiny Frantic Short.wav	METAL COMPLEX MECHANISM TINY Quickly rotating and winding elements. Snapping upon end.
MEDS Tiny Gearhead Long.wav	METAL WINDING MECHANISM TINY Multiple clacking, winding and rattling actions in a long sequence. Letters snapping.
MEDS Tiny Gearhead Short.wav	METAL WINDING MECHANISM TINY Clacking, winding and rattling actions in a tight sequence. Letters snapping.
MEDS Tiny Gumball Machine Long.wav	METAL WINDING MECHANISM TINY Ball dropping into complex machine on initial turning. Rattling, clicking and clattering. Housing resonating.
MEDS Tiny Gumball Machine Short.wav	METAL WINDING MECHANISM TINY Initially clicking, dropping small ball through machine. Rattling and clattering. Housing resonating.
MEDS Tiny Indicator Long.wav	METAL PLASTIC COMPLEX MECHANISM TINY Winding initially, releasing into clock like clicking and ticking. Rattling and crackling upon end.
MEDS Tiny Indicator Short.wav	METAL PLASTIC COMPLEX MECHANISM TINY Releasing wind up mechanism. Clicking clock like with some ticking. Rattling upon end.
MEDS Tiny Inspector G Long.wav	METAL WINDING MECHANISM TINY Turning winding crank with rattling and clicking leading to a snapping end.
MEDS Tiny Inspector G Short.wav	METAL WINDING MECHANISM TINY Releasing crank, clicking and rattling. Snapping upon end.
MEDS Tiny Lockpicker Long.wav	METAL PLASTIC LOCKING MECHANISM TINY Initially cranking, releasing a rattling, clicking mechanism. Snapping and rasping.
MEDS Tiny Lockpicker Short.wav	METAL PLASTIC LOCKING MECHANISM TINY Shortly cranking, then rattling and snapping. Subtly sliding and scraping.
MEDS Tiny Loot Box Long.wav	METAL LOCKING MECHANISM TINY Multiple clacking, clicking and rattling actions in an unlocking sequence.
MEDS Tiny Loot Box Short.wav	METAL LOCKING MECHANISM TINY Clacking, clicking and rattling actions in a tight unlocking sequence.
MEDS Tiny Micro Machine Long.wav	METAL COMPLEX MECHANISM TINY Various rattling and clicking elements working together in a clock like sequence. Snapping upon end.
MEDS Tiny Micro Machine Short.wav	METAL COMPLEX MECHANISM TINY Rattling and clicking elements, moving quickly. Clock like with snapping upon end.
MEDS Tiny Pocket Watch Long.wav	METAL COMPLEX MECHANISM TINY Initial spring release followed by highly pitched spoke shimmering. Clicking and rattling throughout.
MEDS Tiny Pocket Watch Short.wav	METAL COMPLEX MECHANISM TINY Spring release impact followed by dial like rattling action. Clattering upon end.
MEDS Tiny Toolkit Long.wav	METAL COMPLEX MECHANISM TINY Ratchet initiating a series of rattling and clicking elements. Fluttering and closing with spring ringing out.
MEDS Tiny Toolkit Short.wav	METAL COMPLEX MECHANISM TINY Crank pulled followed by short rattling and spring ringing out upon impact.
