The one to watch

4K UHD LED Android TV with Ambilight

Want a great picture for everything you love? How about super-easy connectivity and Philips Ambilight adding immersion that you just can't get anywhere else? When you want a hassle-free TV experience that fits right in, you want The One.

Everything you want. Nothing you don't.

- The one with magical Ambilight. Only from Philips.
- Whatever the source, always perfection. Philips P5 engine.
- Cinematic vision and sound. Dolby Vision and Dolby Atmos.
- The one with a vibrant HDR picture. Philips 4K UHD TV.

Designed for your home — and your life.

- Attractive design
- Slim TV. Packed for the future.
- Stand width adjusts to accommodate a soundbar

Flexible sound. Epic play. Easy control.

- Philips Wireless Home System powered by DTS Play-Fi
- The one that's ready to game on any console.
- The one that's simply smart. Android TV.
- Voice control. The Google Assistant. Works with Alexa.

PHILIPS

4K UHD LED Android TV

3 sided Ambilight TV Major HDR formats supported, P5 Perfect Picture Engine, 164 cm (65") Android TV

65PUS8507/12

Highlights

The one with Ambilight.

With Philips Ambilight, the brilliant experience of watching a Philips TV gets even bigger! LED lights around the edge of the TV glow and change colour in perfect sync with the colours of the on-screen action or your music. It's so warm and immersive, you'll wonder how you enjoyed TV without it.

Vibrant HDR picture

Want to experience a perfect picture for every scene? Your Philips 4K UHD TV is compatible with all major HDR formats, which means you get brilliant, sharp images. You'll see every detail, even in dark and bright areas.

P5 Perfect Picture engine

The Philips P5 engine delivers a picture as brilliant as the content you love. Details have noticeably more depth. Colours are vivid, while skin tones look natural. Contrast is so crisp you'll feel every detail. Motion is perfectly smooth.

Dolby Vision and Dolby Atmos

With Dolby Vision and Dolby Atmos on board, your films, shows and games look and sound incredible. See the picture that the director wanted you to see — no more disappointing scenes that are too dark to make out! Hear every word clearly. Experience sound effects like they're really happening around you.

Slim, attractive design

Looking for a TV that fits with your room? The virtually bezel-free screen of this 4K smart TV goes with just about any interior, and the beautifully geometric feet make it seem as if the screen is floating. Our packaging and inserts use recycled cardboard and paper.

DTS Play-Fi compatible

Philips Wireless Home System powered by DTS Play-Fi lets you connect to compatible soundbars and wireless speakers around your home in seconds. Listen to movies in the kitchen. Play music anywhere. You can even create a home-cinema surround-sound system using your Philips TV as a central speaker.

Ready for gaming

Your Philips TV is great for gaming. When you switch on your console, the TV automatically switches to an ultra-low-latency setting, which ensures responsive gameplay and incredibly smooth graphics. HDMI 2.1 and VRR are supported, and Ambilight gaming mode brings the thrill right into the room.

Android TV

Your Philips Android TV gives you the content you want—when you want it. You can customise the home screen to display your favourite apps, making it simple to start streaming the movies and shows you love. Or pick up where you left off.

AI voice control

Push a button on the remote to talk to the Google Assistant. Control the TV or Google Assistant-compatible smart home devices with your voice. Or ask Alexa to control the TV via Alexa-enabled devices.
