Built-in subwoofers

Dolby Atmos

Wireless music

Immersive Dolby Atmos in a Single Bar

Bring immersive home cinematic sound to your living room without taking up a lot of space. An amazing Dolby Atmos experience in a single soundbar has now been made possible. Featuring a carefully engineered combination of angled drivers and acoustic radiators, it is packed with technology to immerse you in your favourite content without taking up space in your room. It even excels in delivering great bass because of its dual built-in subwoofers. Your ears will simply not believe how much performance and quality has been crammed into this soundbar whilst taking so little space. Hearing is believing. Every time again.

260W
max**Audio output power in Watt at maximum volume**

When you want to be immersed, power does matter. The maximum audio power is what makes your movie or music experience truly immersive. Be moved, every time.

Dolby Atmos**Immersive, moving audio flows all around you**

Dolby Atmos offers boundary-less sound that moves around you. Individual sounds are precisely placed in the room, immersing you in each story and song.

**Great bass without taking up space**

The built-in subwoofer delivers great bass performance whilst at the same time saving space. You will be surprised at the great bass performance it delivers.

**Wireless music streaming from your Bluetooth device**

Use Bluetooth to turn your sound bar into a powerful music system. Enjoy music with your friends or family.
