

# Classic Series Black Editions

## NPI Product Overview

### Overview

For a limited time, JBL's iconic Classic Series passive hi-fi and powered streaming loudspeakers will be available in a special Black Edition version that showcases these highly popular models in a stylish and sophisticated new look. Available on four models – the passive hi-fi L100, L82, and L52, and the powered streaming L75ms music system – these special production versions all include the Black Edition Appearance Package that consists of a high-gloss black painted cabinet finish, unique gold labels on the front and rear of the passive models, and a black Quadrex foam grille with a unique gold JBL logo accent. In addition, the L100 and L82 will include the Black Edition Performance Package that includes acoustic refinements to all drivers, and an upgraded crossover network with a premium bi-wire input terminal cup.

These Black Edition models will only be available for a limited time before they are gone forever. They offer a unique combination of award-winning design, legendary JBL sound, and limited-edition appeal in a beautiful product that stands above the rest.
