# Prime Pinnacle

Audiophile Refinement.  
Breathtaking Home Theater Dynamics.

Smooth, crisp and refined sound without sacrificing effortless bass and jaw-dropping dynamic impact. All-new driver array and 3-way SoundMatch crossover housed in a classically striking tower speaker design. Prime Pinnacle is world-class audio for everyone.

**All-new 5.25" midrange driver with composite glass-fiber cone** delivers pinpoint accuracy and broad soundstage for more immersive audio experiences

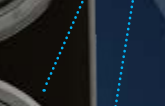

**Premium 1" aluminum dome tweeter** renders crystal clear highs with revealing clarity and lifelike realism at all playback levels

**Trio of 6.5-inch high-performance woofers** lay sonic foundation for music and movies with amazingly deep and room-energizing bass output

**Three unique port tuning frequencies** create smooth transition from midrange to midbass without sacrificing low frequency response

**SVS SoundMatch crossover** creates expansive soundstage with accurate frequency response and precise imaging for largest "sweet spot" possible

**Sonically inert and rigidly braced cabinet** with four self-contained, acoustically tuned internal chambers delivers uncompromising performance

**Lifestyle-friendly footprint** fits seamlessly in any room layout or decor
