

# LED MUSIC PARTY LIGHT

G4M-RHYTHMLIGHT

## INTRODUCTION

Thank you for purchasing the G4M-RHYTHMLIGHT. Please read this manual carefully to make sure you are using it correctly.

## BOX CONTENTS

- Rhythm Light (to assemble).
- USB Power Cable.
- Screwdriver.
- Product Manual.
- Remote Control
- USB UK/EU Plug Adapter

## REMOTE FUNCTIONS

### 1. BRIGHTNESS

The unit provides the capability to adjust the overall brightness level in precise increments.

### 2. POWER BUTTON

This feature allows the user to easily turn the device ON or OFF.

### 3. WARM/WHITE LIGHT

A quick access feature for adjusting the white light as desired.

### 4. DIRECT COLOUR MODES

The device offers direct access to six distinct colour modes, providing ample options for personalization.

### 5. DYNAMIC MODE

Changes the lighting patterns or colours in three stages.

### 6. MUSIC RHYTHM MODES

When you select a specific rhythm mode, the light responds to changes in the music's tempo, volume, and beat, creating an immersive and dynamic lighting experience that is synchronized with the music.

### 7. TIMER MODE

Allows you to set specific timings for lighting changes, such as turning off the lights after 1hr/2hr.

## NOTE:

Please point remote directly at the Rhythm Light for best operational response within a range of up to 10 meters

One single remote can operate up to two Rhythm Light at any one time.

There is a sensor at the front top of the Rhythm light which enables the sound activation. Please do not overload the light due to excessive sound levels.
